

**I ENDED UP  
WASTING MY  
TIME  
BY SELLING MY HOME PRIVATELY**

I hadn't realized that selling my home privately meant that I would have to do much more than simply put a "For Sale" sign up in front of my property. I had to come up with an advertising strategy, which proved to be ineffective and very expensive. **Yet today, I am still waiting for potential buyers to stop by.**

A real estate agent would have devised an effective advertising strategy, providing the best possible exposure for my home.
